

Candidate Statement

Megan Sheets

Dear Colleagues,

I have been working at Northern Lights College for 17 years now in several different positions (Reception, Campus Services, Payroll, Finance and Recruiter). Currently I am the Admissions Officer on the Dawson Creek Campus and have been in this position since 2012. I am passionate about my role in the Admissions department and my favorite part of my job is seeing students that I worked with graduate from their program at the end of the year.

Being a long-term employee has allowed me to see the changes and growth NLC has experienced over the last several years. I previously served on Education Council from 2014 – 2020, when I took a maternity leave to have my first son. I immensely enjoyed my time on Education Council and served as co-chair for a time. It allowed me to see the work and rationale behind the changes that happen at this committee and also appreciate the importance of the council and the work they do. I also helped develop the Admissions and Standards sub-committee which NLC was in dire need of to start work on an Admissions Policy.

A little bit about me personally, I am the mother of 2 young boys (ages 2 and 4) that keep me VERY busy. We live out of town on the farm that my husband grew up on and raise about 200 head of cattle. We enjoy camping in the summer with our family (in between haying 😊) and traveling whenever we get the chance.

I hope you will consider me to represent you as a Non-Instructional Faculty member on Education Council.

Sincerely,

Megan Sheets
